Part B for October 1933

SUBJECT.

Petroleum Regulations

W.A.R. Anderson
25/10/33

General and Revenue Secretariat | Ferl File No. 18 of 1933 | [App. F. III—2

Serial No.

From the chief inspector of mines
No 299 dated 22/8/33

Requests that the question of transfer of the administrative work of the Petroleum Regulations and Rules thereunder from the department of industries and commerce to the department of mines and explosives, may be reconsidered
Submd.

Kind reference is invited to paras 3 and 5 of the chief inspector's letter dated 16/4/29 in the collection Ferl 100-29 part 1-2 pt. The Petroleum Regulations was referred to by the Law department when it was brought into force during 1923. In this connection the chief inspector asked for additional hands for this new work as he found that it was difficult to manage the extra work with the existing staff. As this proposal involved additional expenditure Govt ordered the transfer of the administration of this said Regulations to the department of the. (vide G.O. No 9-C. 5-2-10 Ferl 2-24-4 dated 30/1/25)
The chief inspect.
letters dated 16/4/29 and 23/9/31 stated that in England and British India this work is entrusted to the Explosives Depa

NOTE—Contn. Sheet.

WD 70—GBPM—60,000—13-8-31.

view of the rules of both the Explosives and Petroleum and the work connected therewith are being similar and requested that the administration of the Petroleum Regulations and Rules may be transferred to the Mines Deptt.

Kind reference is also invited to the Govt. Memo No. dated 9/11/32 on the Collectors file 26-31 1+12 put up.

It was decided that the present arrangement may be continued (vide D. Sec. No. 39/ file 26-31-CO dated 26/3/32.)

We cheerfully suggest that similarly the same reasons for the transfer of the above work. The main contention is that the administration work of the Petroleum and Explosives regulations and Rules thereunder has to be centralised under one head of Department with a view to its efficiency. Can the work of both be carried on under both the Regulations and Rules are one and the same. It seems this arrangement involves no additional cost. We request that this proposal which was deposed may be reconsidered in the light of the reasons given by us in the P.N.D.

From
C. E. SURYANARAYANA RAU, Esq., Mem. A.I.M.E., &c.,
Chief Inspector of Mines in Mysore.

To
S. Abdul Wajid, Esq., B.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Development Department,
B a n g a l o r e.

Sir,

With reference to correspondence resting with your letter No.D.4839/Geol.26-31-10 dated 24th March 1932 in the matter of transfer of the work connected with the administration of Patroleum Regulation and Rules thereunder to this Department, I have the honour to re-iterate the reasons for the turning over of the above work, viz: that the provisions regarding the issue of licenses, etc., under both the Explosives and Petroleum Rules being similar, the administrative duties under both these rules are delegated to the officers of the Explosives Department in British India and in the United Kingdom and all items of work connected therewith viz: inspection of explosives magazines and petroleum installations, testing of lighting conductors, enquiries into accidents, etc., are performed by the same Department and particulars of work done are incorporated and published in one and the same annual report.

2. The officers of this Department have been carrying on the systematic inspection of all explosives magazines and manufacturing and storing sheds of explosives and testing lightning conductors attached to them. The details of work to be done under the Petroleum Regulation and Rules being analogous to those performed under the

Explosives

Explosives Rules, these duties can with advantage be combined, brought into line and looked after by the same agency instead of distributing the work among three Departments - Department of Industries and Commerce, the Electrical Department and the Department of Mines and Explosives.

3. As the administration of Petroleum Regulation and Rules pertains to the Explosives Section of this Department, it is highly desirable and necessary that the administrative control under it should be transferred to this Department in common with the practice obtaining in other countries.

4. This arrangement will not involve any extra cost to Government.

5. I therefore request that Government may be pleased to re-consider the question of transfer of the administrative duties under the Petroleum Regulation and Rules to this Department.

I have the honour to be,

Sir,

Your most obedient servant,

C E Iyengar

- CHIEF INSPECTOR OF MINES

IN MYSORE.
